This mini piling rig is designed and manufactured in the UK, combining reliable construction with outstanding features, supported by our exceptional customer service.

- Rotary Auger and Drop weight capability
- High capacity hydraulics
- High speed drop winch
- Onboard power pack
- Powerful motor gearbox combinations with through bore facility and integral swivel
- Hydraulic side shift for power head
- Rubber tracks for less footprint damage
- Mast tilts for and aft and side to side
- Range of drive adaptors to suit existing auger strings

Options for you piling rigs

- Drop wash facility
- Automated drop system
- Hydraulic side shift for power head
- Augers
- Drive subs
- Electric casing clamps
- Trip wires, palm switches and cages
- Hydraulic driven welder
- Steel or lead filled weights

Proven design developed through many years of operational experience

T15000SP mini drilling rig specification

Working height	5400mm
Transport height	3200mm
Width	1800mm
Length	3500mm
Weight	6050 Kgs
Mast length	4900mm
Feed stroke	3200mm
Recommended auger	2000mm sections 3m lead flight
Rotary head speed	23,44,47,84 rpm
Max torque	15000 Nm
Tear out force on feed	5000 Kgs
Mast angle	-5 +75
Mast height adjustment	Hydraulic
Power pack	47 Kw (59Hp)
